

CHAPTER 9 FIRE PROTECTION AND LIFE SAFETY SYSTEMS

**907.5.2.2.4 Emergency voice/alarm communication captions.**

Where stadiums, arenas and *grandstands* have 15,000 fixed seats or more and provide audible public announcements, the emergency/voice alarm communication system shall provide prerecorded or real-time captions. Prerecorded or live emergency captions shall be from an *approved* location constantly attended by personnel trained to respond to an emergency.
